as far as the part Mr. Bannard may play, is concerned, will be reached by the public, who will take up the campaign for the National Committee in the event, the President is believed to run again by the Republican convention in Chicago. It is of more immediate interest, however, to consider the fact that he would bring to the administration of campaign affairs the skill and executive ability of the trained business man, which frequently is regarded of secondary importance to the reputation as a politician. It is believed that President Taft prefers to have his campaign directed by a business man of high standing and he has been understood to be opposed to placing either the primary or the post-convention organization work under the rule of one drafted from the list of Federal office-holders. Secretary Hilges probably will remain as the President's right hand, where his services are regarded as being of great value.

## SHUSTER BLAMES POWERS FOR PERSIAN DISASTER.

Draws Striking Picture of Conditions in the Unhappy Empire.

Former Treasurer-General in Signed Cable Says Persians Are in Despair and Anarchy Prevails as Result of Intervention—Arraigns British for Pronouncing Against Constitution.

BY W. MORGAN SHUSTER.  
[Copyrighted, 1911, by the Los Angeles Times and the New York Times.]  
[BY DIRECT WIRE TO THE TIMES.]

TEHERAN, Dec. 29.—[Exclusive Dispatch.] From a condition of comparative order and security, which prevailed up to last October, Persia has now been thrown by the powers' actions into complete anarchy and disaster.

The British Liberal government's official pronouncement against the Persian Constitution, which five years ago the same government strongly encouraged, has filled the hearts of most devoted Persians with despair. Without future hope, the nationalist elements resign the control of the country's fate to agencies which have ever proved themselves willing instruments of foreign encroachment.

When the Medjlis granted me extraordinary powers last June I pledged myself to serve that body which, under the Constitution, represented the entire Persian nation. I have scrupulously kept that pledge, and only by keeping it in full did I receive the nation's moral support, enabling me to resist the open and covert intrigues of successive ministries more or less opposed to financial control and reforms.

When the Medjlis disappeared, I could but accept the Cabinet's termination of my services, despite the efforts of deputies urging me to reject the same on grounds of illegality.

The record proves that no step was taken by me except in exact accord with the policy of the representative body which I agreed faithfully to serve.

Inventor.

## RUSSIA OCCUPIES TABRIZ AFTER A NINE-DAY SIEGE.

Czar's Troops Disperse Army of Progressive Party in Persia at Cost of Nearly Two Hundred Men and Enormous Damage to Property—American Flag Shot Down Over American Consulate.

BY A. P. NIGHT WIRE TO THE TIMES.

TABRIZ (Persia), Dec. 29.—A nine-day siege of this city by the Russian troops has resulted in its complete occupation by the Russian forces and the dispersal of the combatants belonging to the constitutional party of Persia. Numerous casualties were sustained by both sides, the Russians alone losing from 100 to 200 men, while the losses of the Persians were severe, although the number can not be ascertained.

During the fighting an enormous amount of damage to property was done, and the American flag floating over the United States consulate was shot down by a Russian shell which burst in the air over the building.

The fishing steamer *Grant*, owned at Seattle, was last night reported to have been lost on the British Columbia coast.

GENERAL EASTERN. Steps were yesterday taken to have the Federal court assume jurisdiction of the case of *Dawson* and *Heck*, charged with kidnapping John J. McNamee.

Charles E. Morris of Glendale was caught by the police while driving a delivery truck, and received injuries which it is believed are fatal.

The Aero Club of America has awarded Aviator Rodgers the gold medal for the greatest feat of aviation in the world since the machine has come into use.

PACIFIC SLOPE. Snow falling at the rate of eight inches an hour was last night reported from the Cascade range in Washington, and railroad traffic is interfered with.

The first submarine ever built on the Pacific coast was launched in Seattle on January 6.

WON BY A DOUGENUT.

Colorado Legislator Wins in Los Angeles, a Lady Whose Cooking Found Way to Heart.

COLORADO SPRINGS (Colo.) Dec. 29.—[Exclusive Dispatch.] A delicious potato doughnut with a big round hole in it, and a projected scenic view of the city of Colorado Springs, was the prize in a contest for the best doughnut in the state.

MADE TRAFFIC MANAGER.

GOES WITH FRUIT EXCHANGE. SACRAMENTO, Dec. 29.—[Exclusive Dispatch.] Henry Cole of Los Angeles, claim adjuster for the Santa Fe, has just been appointed traffic manager for the California Fruit Exchange.

MANY MOURNERS.

FOR MISS HAGGERTY. SACRAMENTO, Dec. 29.—[Exclusive Dispatch.] With one of the largest funerals ever held in this city, the body of the late Miss Mary Haggerty, director and president of the Young Ladies' Institute, was laid to rest today in St. Joseph Cemetery.

TO SIGN JOURNALS.

IN LOS ANGELES. SACRAMENTO, Dec. 29.—[Exclusive Dispatch.] The Journals of the last day of the regular extra session of the Senate of the State of California, which were returned to the Capitol from the State printing office, and will be sent to Lieut.-Gov. Wallace's home in Los Angeles for his signature.

SLOPE BRIEFS.

Lid Will Stay On. SEATTLE, Dec. 29.—[By A. P. Night Wire.] The "lid" will not be lifted in Seattle for the benefit of the New Year's celebrators. The police have issued orders that the Sunday closing law be strictly observed and the sale of liquor will stop at midnight Saturday.

Pure Food Cases Pending.

SACRAMENTO, Dec. 29.—[By A. P. Day Wire.] Thirty-six pure food cases will be heard by the State Board of Health on January 6. These are alleged violations of the State pure food and drug law, and the hearings are for the purpose of determining whether the board will recommend prosecution by the several counties in which the violations are alleged to have occurred.

Federal Attorney Resigned.

SAN FRANCISCO, Dec. 29.—[By A. P. Day Wire.] Parker S. Maddux, Assistant United States Attorney during the past year, sent his resignation to Washington today to take effect January 1. He intends to resume private practice. Thomas H. Salvage of Humboldt county, who formerly served that county as State Senator and as District Attorney, has been selected to fill the vacancy.

Will Let Canal Contract.

SEATTLE, Dec. 29.—[By A. P. Night Wire.] Contracts for the excavation of the greater part of Lake Washington ship canal will be awarded by the United States engineer's office in Seattle on February 15, 1912. The contracts will call for the expenditure of \$550,000. The work will be done in the upper divisions seventy-five feet wide and twenty-five feet in depth.

## JOINT INQUIRY IS PROPOSED.

House May Create a Special  
Probe Committee.

Three Alleged Trusts Are to  
Be Looked Into.

Democratic House Leaders in  
Accord on Subject.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—The shipping combine, the International Harvester Company and the so-called money trust are to be investigated in the House at this session of Congress by one special committee, the creation of which will be recommended by the committee on Rules.

Representative Henry, chairman of the committee, said today that a committee of seven members would, in the opinion of a majority of the Rules Committee, be large enough to conduct the joint inquiry.

Resolutions for separate inquiry into each of these three alleged combinations are now before the committee. The resolution asking for a joint Senate and House committee to inquire into the shipping trust was introduced by Representative Humphrey of Washington. Representative Foster of Illinois has asked for a special committee to inquire into the International Harvester Company, and Representative Lindbergh of Wisconsin petitioned for an inquiry into the "money trust."

January 15 has been set as the date upon which hearings will be granted on the Humphrey shipping trust resolution, and soon thereafter the Rules Committee will determine what action to recommend in all three investigations. Hearings already have been held on the Lindbergh resolution.

Mr. Foster's resolution also will be taken up and the committee will recommend a joint inquiry.

This is in line with the Democratic economy plan, the Rules Committee believing the three subjects can be taken up by a single committee because all of them are allied, the purpose of the proposed inquiry in each case being to determine whether there are violations of the Sherman anti-trust, Interstate Commerce and national banking laws.

The plan is declared to have the support of virtually all the Democratic House leaders.

**SICK LEAVE EXTENDED.**

TRANSFERRED UPON REQUEST.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—The leave of absence granted to Capt. David P. Cordray, infantry, unassigned, is extended one month, account of sickness.

The following transfers at the request of officers concerned are ordered: Capt. Guy H. Preston, from the Thirtieth Cavalry to the Eighth Cavalry, Camp, West Point, D. C.

Leave of absence for fourteen days to take effect upon his relief from duty at Fort Huachuca is granted to Second Lieut. William B. Geary, Twelfth Cavalry.

Leave of absence for twenty days on surgeon's certificate of disability is granted to Capt. Glanville F. Jenks, ordnance department.

Maj. Thomas Donaldson, Jr., Twelfth Cavalry, is transferred to the Eighth Cavalry. He will be assigned to a squadron and station by his regimental commander.

**EXAMINATIONS ORDERED.**

RETIERING BOARDS WILL ACT.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—Five officers of the army, all above the grade of major, have been ordered before retiring boards in connection with the army "wandering out" program.

They are Col. William L. Pitzer, infantry, Fort McDowell, Cal.; Col. William P. Evans, Fort Leavenworth, Kan.; Lieut.-Col. James A. Goodwin, Seventh Infantry, Fort Springs, Ark.; Maj. Wendell L. Simpson, Fifteenth Infantry, New York City; and Maj. William H. Brooks, Medical Corps, Fort McDowell, Cal. These officers are now serving in the Philippines.

It is expected that several officers serving in the Philippines will be ordered before retiring boards.

**CLOSING YEAR'S TRAVEL.**

PRESIDENT ON SHORT JOURNEY.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—President Taft's last trip of the present year will take him to Philadelphia for a three hour stop and to dinners in New York and Brooklyn. The journey begins tomorrow morning and ends in Washington on Sunday. The President will be in the White House to watch the old year out and the new in.

Secretary of State Knox will accompany the President to New York. Senator Paurore will be his guest as far as Philadelphia, and Otto T. Barnard, Republican candidate for Mayor at the last election, will come to Washington with Mr. Taft. Mr. Barnard will be a White House guest over New Year's. In Philadelphia the President will attend the John Wanamaker fiftieth anniversary and jubilee celebration, will visit the offices of a morning newspaper, and in New York will be a guest at the Citizens' peace dinner, and "look in" on the dinner of the University Club of Brooklyn. He is due to leave New York for Washington tomorrow at midnight.

**STUDIES IN SECLUSION.**

LAY OUT HOUSE PROGRAMME.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—Representative Underwood, chairman of the Ways and Means Committee, went into retirement today to devote himself exclusively to a study of the House legislative programme. The iron and steel schedule is practically ready and will be taken up by the committee as soon as it meets. Mr. Underwood contemplates making a careful study of the report on wool during the next few days and has denied himself to callers. In the meantime he will not discuss the tariff.

**ADAMIRAL DEWEY'S WISH.**

PEACE AND MORE WARSHIPS.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—Peace, but with four new battleships each year to assure it, is Admiral George Dewey's wish for the future of the United States in its foreign relations.

As head of the general naval board the admiral recommends that four new men-of-war be built, but an effort probably will be made in Congress to cut the number down to two.

"It always is possible that there may be some quarreling among nations as to just how peace ought to be brought about," the admiral is quoted as saying. "Such a thing even happens at peace banquets."

**TO IMPROVE PRESIDIO.**

FOR PANAMA EXPOSITION.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—Major Gen. Arthur Murray, commanding the western division, arrived in Washington from San Francisco today to interest the War Department in the development and improvement of the military reservations at the Presidio and at Fort Mason in anticipation of the opening of the Panama exposition. It is the duty of the government, he maintains, to put these tracts in such order that they will add to the enjoyment and

interest of visitors to the exposition. If a congressional appropriation is necessary, Gen. Murray probably will appear before a committee to explain the needs.

**THE PRICE OF SHOES.**

AN ADVANCE IS LIKELY.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Dec. 29.—Officials of the Department of Justice will keep a close watch on the price of shoes during the next year, in consequence of reports that the cost to consumers will be increased materially. If the advance is made, the government probably will investigate to determine whether the increase resulted from a combination in violation of the Sherman law. The reports, which intimate the increase will come next spring, were called to the attention of officials here today. Usually an investigation is started by the department in response to specific complaints. In the case of shoes, however, it is not likely the government will wait for a protest from purchasers. Various reasons are advanced for an increase. Some manufacturers, it is said, attribute it to a scarcity of hides.

**LOOKS BAD FOR SEE.**

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, Dec. 29.—Another case of a man of the penitentiary was closed today to Evelyn Arthur See, leader of the "Absolute Life" cult, when Judge Honore denied a motion to vacate the prison sentence imposed after See had been found guilty of contributing to the delinquency of Mildred Bridges, a seventeen-year-old disciple. A stay order is to be asked by See's attorneys from the State Supreme Court in view of the fact that

men would be summoned as witnesses. The report of the committee presumably will give some information as to where the Taylor system is in force.

PREPARING FOR TRIAL.

Defense Foresees Delay of the  
Richeson Case—Druggist Tells of  
Selling Poison to Girl.  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
BOSTON, Dec. 29.—Preparations  
are going forward for the trial of  
the Rev. Richeson on the charge of  
murdering his former fiancée, Avis  
Linnell, by poison. The trial is set  
for January 19. Richeson's lawyer  
said that while he may be surgically  
fit for the ordeal of trial, he is in  
no mental condition to withstand it  
and they insist the trial will be post-  
poned though the prosecution thinks  
otherwise.  
Eugene Levitan, who until recently  
conducted a drug store in Cam-  
bridge, was at the office of Dis-  
trict Attorney Pelletier today. Some time  
after the arrest of Richeson, the  
druggist stated in an interview that  
he had sold cyanide of potassium to  
a girl who, he thought, resembled  
Miss Linnell.  
It was said today a government of-  
ficial visited the store and got the  
prescription books. The officer found  
the name of a girl opposite the date  
of the sale. Levitan, it is said,  
made the date the girl is supposed to have  
made the purchase was October 13,  
the day before the pastor's former  
sweetheart died. The name entered  
on the book was not disclosed.  
There is only one agreement possi-  
ble, Mr. Pelletier says, "and that  
is a plea of guilty to murder in the  
first degree."

THE EASTLAND ESTATE.  
SAN JOSE, Dec. 29.—The stormy  
twelve years of the course of the es-  
tate of the late Alice L. Eastland  
through the courts of this country  
ended today, when, after four years'  
probate litigation, Judge P. F. Gosbey  
of the Probate Court ordered the  
settling of the accounts of the  
executor and distribution of the es-  
tate, which includes the beautiful  
"Mirabel" country home. The estate  
was appraised at \$500,000. The  
much involved litigation was in part  
due to accounts and records being  
destroyed in the San Francisco fire.  
The estate is strong at the con-  
clusion of the session.

RUSSIA OCCUPIES TABRIZ.

(Continued from First Page.)

template the dispatch of any fur-  
ther troops to Persia. The brigade  
of sharpshooters, consisting of four  
regiments and comprising about  
4000 men, with four squadrons of  
Cossacks and the battery of artillery,  
are considered sufficient to maintain  
order in the city of Tabriz.  
The force of Russian troops at  
present encamped at Kasbin totals  
1000 men of all arms.  
Russian military commanders have  
been ordered by headquarters to co-  
operate with the authorities in the  
punishment of the disorderly ele-  
ments responsible for the attacks on  
the Russian troops at various places.  
Dispatches from Tabriz today say  
that after a two days' bombardment  
of the official quarters of that city  
the fifth regiment of the rifle bri-  
gade effected their entrance into the  
town. Tranquillity has been practi-  
cally restored.  
After the flight of the deputy  
Governor-General to the British Con-  
sulate, December 26, all the property  
of the government was placed under  
seal and a detachment of the rifle  
brigade has been posted to protect  
it.

ENGLAND TO INCREASE GUARD.  
[BY A. P. NIGHT WIRE TO THE TIMES.]  
LONDON, Dec. 29.—The British  
government has decided to increase  
the number of the Indian troops  
now employed in southern Persia as  
guards for the protection of the  
British Consulates and the trade  
routes.  
This action is considered to have  
been rendered necessary by the re-  
cent attack at Kazeroun by Kashgari  
tribesmen on British Consul Smart  
of Shiraz.  
The Foreign Office will issue a  
statement soon, making it plain that  
the action taken by the government  
does not forebode any occupation  
of territory in Persia or interference  
with Persian authority other than is  
necessary to protect the British in-  
terests.

A Jail Delivery.  
MEXICO CITY, Dec. 29.—[By A.  
P. Night Wire.] It is reported that  
a jail delivery in which four guards  
were killed and 100 prisoners es-  
caped, took place today at San Luis  
Potosi, capital of the State of the  
same name, and situated about seventy  
miles northeast of Guanajuato.

YAGUIS BROUGHT IN.  
NAYAJOA (Sonora), Dec. 29.—[By  
A. P. Night Wire.] Troops have just  
brought in four Yaguis and ten Mayo  
Indians, charged with stealing horses  
in the Yaqui River district. No Reyes  
demonstration has occurred here.

Bill Haney, Captain and half of Polytechnic Rugby team.

on the high speed throttle in mistake for the emergency break, and came down head-first on the curb. He was taken to his home, where doctors explained that the only serious injury was from concussion of the brain and that he would probably be all right within a few days.

## JIM FLYNN IS NOW VERY AMBITIOUS

**BY A. P. DAY WIRE TO THE TIMES.**  
SALT LAKE CITY, Dec. 29.—Jack Curley, manager of Jim Flynn, the Pueblo heavyweight, left for Chicago today prepared to post \$10,000 in cash to bind a match with Jack Johnson. He will renew his offer of \$20,000 for Johnson's share of the purse for a fight with Flynn. If Johnson accepts the bout will be staged over the Nevada State line west of Salt Lake City. Business men of Salt Lake are said to be associated with Curley in financing the fight.

## BOXING LAW PROVES GOOD FOR NEW YORK.

**BY A. P. NIGHT WIRE TO THE TIMES.**  
ALBANY (N. Y.), Dec. 29.—With the close of the present week, the State Athletic Commission will finish its business for the year 1911 and submit its report to the Legislature. The report will do much to show the real condition of boxing in the East, at the same time bringing out how the commission scheme of regulation has benefited the State this year.

## STANFORD ATHLETES LOST TO ATHLETICS.

**BY A. P. NIGHT WIRE TO THE TIMES.**  
STANFORD UNIVERSITY (Cal.), Dec. 29.—As a result of the faculty probation rule, six athletes who were expected to win points in the next intercollegiate track meet with the University of California will not be eligible to represent Stanford next season.

## FEW ENGLISH RUNNERS IN BIG OLYMPIC CONTESTS.

**On the Rocks.**  
The startling admission has been made by G. E. Lerner, the great English walker and holder of all kinds of world's records, and championships in the heel and toe game, that at the present time England has no distance runners capable of coping with the best American distance runners. Lerner, who has been in the United States for some time, has been making a tour of the country, and has been making a tour of the country, and has been making a tour of the country.

## JOHNSON TO FIGHT McVEY.

**Lucky Negro Promised His "Price by Hugh McIntosh."**  
**Battle to Be Fought Before May in Australia.**  
**Jack Thinks the Public Asks Him to Fight.**

**BY DIRECT WIRE TO THE TIMES.**  
CHICAGO, Dec. 29.—(Exclusive Dispatch.) Jack Johnson and Sam McVey will fight for the heavyweight championship of the world in Australia some time before May. Tom Andrews, Milwaukee fight promoter, who is the special agent of Promoter Hugh McIntosh, spent two hours with Johnson today. The outcome of the lengthy conference was that Jack will receive a guarantee of \$20,000 win, lose or draw; \$500 for expense money, and round trip tickets to Australia for four persons.

If any American promoters want to sign Johnson in the meantime they will have to meet this figure. The champion believes that McVey, by virtue of the victory over Sam Langford, is his logical opponent, although he is willing to take on any white fighters for his "price."

Johnson and McVey have met before. Johnson says he stopped Sam in six rounds and the second time secured a clean-cut decision over the twenty-round route. Books of ring records give Johnson two twenty-round decisions and one knockout in twenty rounds. The champion believes it will take little training on his part to defeat McVey, and asserted he would start work immediately.

## SENATORS TO GET MAN FROM PHILADELPHIA.

**BY A. P. NIGHT WIRE TO THE TIMES.**  
PHILADELPHIA, Dec. 29.—President Fopel of the Philadelphia Nationals announced today that he had purchased the release from Cincinnati of Tom Downey. Downey will report for the spring training trip.

## CHAMPIONS OF 1911.

Baseball—Philadelphia Athletics. Bowling—A. B. C. Fenners, Chicago. Boxing—Jack Johnson, heavyweight; Ad Wolgast, lightweight; Abe Attell, featherweight. Chess—Dr. Emanuel Lasker. Golf—H. H. Hilton (amateur), J. McDermott (open), Miss H. Curtis (women). Tennis—W. A. Larned, (men); Hazel Hotchkiss, (women); T. R. Peil, (indoor). Cross-country—W. J. Kramer. All around athletic—F. C. Thompson. Football—Princeton. Billiards—Willie Hoppe, 18.1; Willie Hoppe, 18.2; John Daly, (three cushion). Wrestling—Frank Gotch, N. Dairs-court (amateur). Cycling—Frank L. Kramer (short distance); Fogler and Clark, (six-day). Hockey—Crescent A. C. Polo—Meadowbrook Club. Pool—Alfred de Oro. Fencing—D. G. Rogers (amateur). Gymnastics—P. Krimmel. Automobile, driver—Ralph Mulford. Automobile, car—National "Forty."

## Crawford Signs Again.

**DETROIT, Dec. 29.**—(By A. P. Night Wire.) Crawford, right fielder and star batsman, has signed a 1912 contract with the Detroit American League Baseball Club, it was announced today.

## On the Rocks.

The startling admission has been made by G. E. Lerner, the great English walker and holder of all kinds of world's records, and championships in the heel and toe game, that at the present time England has no distance runners capable of coping with the best American distance runners. Lerner, who has been in the United States for some time, has been making a tour of the country, and has been making a tour of the country, and has been making a tour of the country.

### On the Eve of Stock Taking

Those who have not taken advantage of this week's price reductions should do so today. The savings on nearly all lines are substantial, on many unprecedented.

### Millinery Half Price

Our trimmed Hats are scheduled to go during the Pre-Inventory Sale at just half price. Trimmings alone on many of them are worth more than we are asking.

### Misses Suits 1/3 Less

Savings of 33 1/3 per cent. on such Suits as these is not to be overestimated. They are new, smart looking models, made of the best materials and made to please the most fastidious of the discerning set.

Plenty of them to fit small sized grown-ups too. All 1/3 less than regular price.

### Furs Reduced 1/4

Today all our Furs are buyable at 25 per cent. discount—prices you will not duplicate in years, perhaps. If you but stop to consider that the season of their usefulness is just beginning, these values will be appreciated.

### Seasonable "Merode" Underwear

Merode Underwear is knit to fit; every garment is hand-made, therefore comfortable.

UNION SUITS, with a little cotton mixture to prevent shrinking, high neck and long sleeves, at	\$1.50
UNION SUITS of heavy wool and cotton, high neck and long sleeves, at	\$1.75
BEST SIZES of either of the above	\$2.00
UNION SUITS of silk and wool mixture, high neck and long sleeves, at	\$2.50
BEST SIZES of	\$3.00

### "Onyx" Hose 3 for \$1.00

Don't think because "Onyx" Stockings are the best made that their price is prohibitive! Fact is, they are the most economical in the long run. See these at

## GRABS TREASURE AND GETS AWAY.

Cable Tells of Finding the Great Dowie Cache.

Eureka Man Said to Have Got Nearly Four Million.

"Hyatt Betrayed Us All," Say Apostles.

Francis Schlatter and B. H. Schrader have long won a cross of gold upon their picturesque flowing black gowns, advertising them as apostles of healing and of a strange faith, but they were never thoroughly initiated into the subtle mysteries of the double cross until yesterday, when they received a laconic cablegram from Honduras stating that H. H. Hyatt, a former associate, whom they had befriended, had unearthed their long-sought treasure of \$4,000,000 and had disappeared with the haul.

The fortune is stated to consist of gold bullion and rare jewels. Its location was known at one time only to Alexander Dowie, the Eliza of Zion City, now of the past. Schlatter claims to be the only brother of Alexander Dowie and he refuses to recognize Dowie's wife or his son as his dead brother's heirs. He claims, too, that the buried treasure was not taken from Dowie's followers, but that Dowie financed Zion City out of different hidden treasures of which he alone knew and which he unearthed from time to time as his enterprise at Zion City had need of them.

### STRANGE STORY

It was the search for one of these mystical caches which led to the strange adventure of Hyatt, Mrs. Hyatt and a man they took with them on the famous treasure hunt of the Eureka last summer. In the course of their adventures Hyatt and his companion were both wounded once and died upon twice, but finally escaped with their find. Schlatter and Schrader say that Hyatt has betrayed them and that they will never hear of the treasure again. Their one hope is that when Hyatt tries to bring the treasure to some port of entry he will be captured by revenue officers and held because of his inability to pay the duty on the gems, which the treasure is alleged to contain.

### CRUISE OF THE EUREKA.

He went to San Francisco and came back with the launch Eureka, but he had chartered her as a freighter and all of the Central American governments became suspicious. Trouble in Mexico was at a fever heat and the Honduran Government was in a hurry to run a filibuster. He refused to have anybody dig for treasure and hurried the vessel out of his ports. The party then tried their luck at other Central American points, but it seems they had charts to numbers of buried treasures, amounting in total to \$200,000,000. All they had to do, it appears, was to land anywhere that the government was in a hurry to keep them out, and dig up more money than they would ever need again in their lives.

### Twenty-three Millions a Year.

None of the governments, however, would let them land or dig and they had to come home. They had not been here two weeks before Hyatt and his wife dropped from sight and a few weeks later Schlatter and Schrader were warned by friends at Amapala that Hyatt was there again after the treasure. Schlatter and Schrader now say that it was Hyatt who worked up the story about a filibuster to keep them from getting the treasure at that time and that he double-crossed them and C. C. Mollen. What is more, they say that now that he has the treasure he actually fooled the last man that went with him and has left him wounded and stranded in that strange land, doubly doomed because of the treachery of the Governor of Honduras.

### The Governor, it is claimed, was

used as a pawn by Hyatt in a remarkable bit of intrigue. Hyatt and his companion are said to have organized a revolution against the Governor and then consented to call the revolution off and give the Governor part of the treasure if he would let them dig for it in peace. The Governor consented and gave Hyatt twenty-five men to help out with the enterprise. Hyatt used the men to dig for the treasure, loaded it into his boat at night and got away without going through the formality of telling the Governor or his companion good night and good-bye. At least such are the facts received in a communication yesterday from a distinguished Central American general at San Ignacio, Honduras.

### Two Close Calls.

Swinging from highly-charged electric wires in a daring effort to escape from the blazing roof of his two-story house at No. 1548 Edgewood drive, Deputy Sheriff Burt E. Rico fell twenty-five feet to the ground, sustaining a broken right leg, several painful body bruises, and severely burned hands, shortly after 8 o'clock last night. Rico had been fighting the fire.

### LAST SMUGGLER CRAFT IN TOILS.

ETHEL H., OPERATING ON THE SOUTH COAST, SEIZED.

Third of Trinity of Vessels Used to Bring in Contraband Dope and Coolies Comes to Grief Over Debt Alleged Due for Her Engine; Comrade to Be Sold.

The last of the trio of alleged smuggling vessels, the Peerless, since rechristened Pastime, the Comrade, and the Ethel H., has come to grief.

The Pastime, the same boat that carried dynamite for J. B. McNamara, Schmitt and Caplan, is somewhere along the western coast of Mexico, her commander, Capt. George Ogden, trying to evade the authorities; the Comrade has been seized for smuggling and now lies at the wharf in San Francisco to be offered for sale; the Ethel H., a schooner, was yesterday seized under a civil action for \$380 alleged to be due the Gorham Engineering Company, of Oakland, for a gas engine. The boat has for some time been in charge of Frank Maxwell, a relative of Edmond R. Hall, owner of the craft, who suddenly disappeared the day following the capture of the Comrade. The Peerless is also wanted by the Gorham Engineering Company for a debt also said to be due for an engine.

Evidence connecting all three vessels with wholesale operations in connection with smuggling Chinese into California, is in the hands of the local immigration authorities. Capt. Charles T. Connelley, inspector in charge, is, however, authority for the statement that Hall is not wanted in connection with the Monterey job. Their field of operations extended all along the coast from Ensenada to San Pedro and San Francisco. Edmond R. Hall, owner of the Ethel H., is the husband of Mrs. Ethel Hall, now held in the County Jail in default of bail, with Antonio Felix and Reynold Scott, the latter engineer of the Comrade. These two, with others, have been indicted in connection with smuggling and will plead in the United States District Court Tuesday.

### FIGHT ON FOX HOT SPRINGS.

Site of Cose Sanatorium in Inyo County in Dispute Under Homestead Entry and Patent Laws.

The tract of land on which are located the Cose Hot Springs of Inyo county, together with improvements in the shape of an elaborate sanatorium and buildings, said to have cost over \$200,000, is in dispute under the provisions of the land patent law. Suit to cancel the patent was filed on Tuesday by United States Attorney Cryer yesterday.

The defendants are W. T. Grant and Dr. Irving J. Worden, who is in charge of the sanatorium. Grant made the original homestead entry six years ago and Worden has since that time been in possession of the land. It is alleged that Grant had not fulfilled the requirements of the residence clause of the law to have its documents, exhibits and general evidence.

Capt. Fredericks will leave this morning for not long after his departure, S. L. Browne, chief of the bureau of criminal investigation for this county will hurry away on another trip which may lead to the capture of M. A. Schmidt.

When asked about the reason for his trip, Browne replied: "I'm not telling you where I'm going, but don't be surprised if I return with the one-eyed man" (meaning Schmidt).

It is probable that some of the witnesses from Tacoma and Seattle subpoenaed before the Federal grand jury have furnished clues of value to the whereabouts of the fugitives. It is known that Caplan and Schmidt found an asylum at Lake Bay, Wash., where a Utopian colony of anarchistic leanings has been under suspicion for many months.

One of the prominent Seattle witnesses yesterday was George Eckman, formerly superintendent for Douglas & Webster, contractors for the local government building. After leaving here he went to Seattle, where he is an independent builder.

Eckman is supposed to know something about the activities of the laborites in the Northwest, particularly in regard to their connection with the San Francisco unionists who are believed to have formed the plot to blow up the Times Building in this city.

Though Eckman professed to have no information that would aid the investigation, it is significant that his fare was paid in advance and that he was urged to hasten to Los Angeles as soon as he was reached by the United States Marshal at Seattle.

Eckman will also be a witness in the

(Continued on Second Page.)

George Eckman,

who was superintendent of construction of the local Federal building, and is now an independent contractor of Seattle. He is here under subpoena as a witness before the grand jury, but has not yet given his testimony.

United States District Attorney Miller, who is in charge of the government probe at that point.

It is expected that the chief prosecutor in the recent McNamara trial will carry with him a brief of the evidence that would have been introduced against J. B. McNamara, confessed murderer and dynamiter. It is probable that Los Angeles county will allow the government officials in Indianapolis to have its documents, exhibits and general evidence.

Capt. Fredericks will leave this morning for not long after his departure, S. L. Browne, chief of the bureau of criminal investigation for this county will hurry away on another trip which may lead to the capture of M. A. Schmidt.

When asked about the reason for his trip, Browne replied: "I'm not telling you where I'm going, but don't be surprised if I return with the one-eyed man" (meaning Schmidt).

It is probable that some of the witnesses from Tacoma and Seattle subpoenaed before the Federal grand jury have furnished clues of value to the whereabouts of the fugitives. It is known that Caplan and Schmidt found an asylum at Lake Bay, Wash., where a Utopian colony of anarchistic leanings has been under suspicion for many months.

One of the prominent Seattle witnesses yesterday was George Eckman, formerly superintendent for Douglas & Webster, contractors for the local government building. After leaving here he went to Seattle, where he is an independent builder.

Eckman is supposed to know something about the activities of the laborites in the Northwest, particularly in regard to their connection with the San Francisco unionists who are believed to have formed the plot to blow up the Times Building in this city.

Though Eckman professed to have no information that would aid the investigation, it is significant that his fare was paid in advance and that he was urged to hasten to Los Angeles as soon as he was reached by the United States Marshal at Seattle.

Eckman will also be a witness in the

The last of the trio of alleged smuggling vessels, the Peerless, since rechristened Pastime, the Comrade, and the Ethel H., has come to grief.

### FIGHT ON FOX HOT SPRINGS.

Site of Cose Sanatorium in Inyo County in Dispute Under Homestead Entry and Patent Laws.

The tract of land on which are located the Cose Hot Springs of Inyo county, together with improvements in the shape of an elaborate sanatorium and buildings, said to have cost over \$200,000, is in dispute under the provisions of the land patent law. Suit to cancel the patent was filed on Tuesday by United States Attorney Cryer yesterday.

The defendants are W. T. Grant and Dr. Irving J. Worden, who is in charge of the sanatorium. Grant made the original homestead entry six years ago and Worden has since that time been in possession of the land. It is alleged that Grant had not fulfilled the requirements of the residence clause of the law to have its documents, exhibits and general evidence.

Capt. Fredericks will leave this morning for not long after his departure, S. L. Browne, chief of the bureau of criminal investigation for this county will hurry away on another trip which may lead to the capture of M. A. Schmidt.

## Public Service: City Hall, Courts.

## SUMMARY OF THE DAY.

City officials yesterday decided the Harbor Commission is to take executive charge of the harbor improvements, though the Board of Public Works will nominally be in control. The fortune of the late John W. Hunt, owner of the Hotel Angelus, cannot be devoted to charitable purposes as he requested until the will shall have been probated, and it is believed that this will not be concluded for a year.

## At the City Hall.

## ONE HEAD TO DECIDE PLANS.

## HARBOR COMMISSION TO TAKE CHARGE OF ALL WORK.

Advisory Commission Decides Divided Management Not Conducive to Port's Development and Commits it to One Body—Council Discusses Safe Harbor and Power Bonds in Forenoon.

Divided management of the improvement of Los Angeles harbor ended yesterday when the Harbor Advisory Commission, which includes all the officials connected with the harbor work, voted to vest full control in the Harbor Commission of the plans and specifications for all improvements.

This action came from a suggestion of Gen. Chaffee, of the Board of Public Works. He said while the law requires the Board of Public Works to expand all the improvement funds, let all contracts and authorize all plans, the Harbor Commission is actually the board on whom responsibility should be placed and it is best equipped to determine the future work, in connection with the City Engineer.

The City Engineer was present and while he made no report of his recent trip to European ports at the city's expense, he said he had seen nothing abroad to make him change his mind on the use of creosoted wooden piling for substructure work at the Eastington fill. It is expected that he will make a full report to the Harbor Commission later.

Hamlin's statement was important because during his absence the Harbor Commission, following an investigation by its secretary, A. P. Fleming, of Northern Pacific ports, asked that the plan for wooden construction be suspended. Fleming reported in favor of concrete substructure work. The action taken yesterday puts the Harbor Commission "in the saddle" and the Board of Public Works in the future will be merely perfunctory in carrying out the plans of the harbor department.

"The Harbor Commission is well equipped for this great task," said Gen. Chaffee yesterday, and it is really its duty to determine the plan for the development of the harbor. The Board of Public Works has a multitude of other duties and cannot give as careful thought to the harbor as it should have and as it will receive from the Harbor Commission. In addition, the plan will make one head to the work, prevent division of opinion and accelerate the preparation for the Panama Canal traffic."

The action yesterday in a measure anticipates the decision called by the Mayor for next Tuesday afternoon. That the city has gone a year and half after the authorization of the \$3,000,000 bond issue without settling on its improvement plans led to a desire on the part of the Mayor and Harbor Commission to push the work and the action of yesterday puts the Harbor Commission in a position to hasten it.

At the Council session yesterday afternoon City Attorney Sherk presented a notice of sale of the harbor and power bonds, calling for bids for February 14. The bidding was timed to follow the action of the Harbor Commission on the aqueduct bonds, on which an option is exercisable February 1. Because the notice prepared by Sherk contained a provision that bidders must bid on all the bonds of either issue, Chairman Washburn of the Finance Committee and Councilman Betkouski objected to the approval. They asserted that this prevented a bidder from bidding on one bond as large or small a quantity as he wishes.

Action on the sale notice was postponed until a week from Tuesday and the schedule of bond deliveries may be amended then. This schedule does provide for the delivery of the \$3,000,000 harbor bonds on March 1, October 1, 1912, and March 1, 1913, in equal amounts. The power bonds are to be delivered as follows: March 1, \$1,500,000; June 1, August 1, and October 1, \$450,000 each. This schedule of deliveries will be adhered to, probably, though the dates may be advanced.

Because of the uncertainty about the aqueduct option of February 1, the Board of Public Works yesterday postponed action on the hydraulic and electrical machinery for the San Francisco powerhouses one week. The contracts aggregate \$254,467, and the board cannot make award without the Council's sanction. It appealed to President Lusk to gain some action from the Council and he and Betkouski conferred with the City Engineer, who feared at first that the obligation for this large amount might lead to difficulties in the aqueduct if the bond option is not exercised, but after an investigation at the Auditor's office, it was found that the sinking fund will approximate two millions in April and that the way is clear for the contract for the power machinery. Before next Friday it is expected the Auditor will make a report.

Councilman Betkouski told the board that, if the aqueduct bonds are sold, the Council expects to finance the whole power project from the sinking fund and sell only the harbor bonds.

The Council yesterday denied the Auditor's request that the sale of \$510,000 aqueduct bonds to the sinking fund today be abandoned in order to save the city \$240 interest. The Finance Committee expects this interest was merely a book-keeping proposition and that the sale should go on.

## LIGHT CONTRACT.

## BOARD AWARDS IT.

Fears that the Los Angeles Gas and Electric Corporation would be reluctant to bid on additional electric street lights for the coming year because of the city's entry into the power and light field, was dispelled yesterday when the company submitted a bid on street lighting. It agreed to furnish 3267 lights

now burning for another year for \$8.30 a month each, and to install 600 additional lights, as directed by the Board of Public Works for the same price. This is the price that has been made from year to year for some time. The Board of Public Works had feared that its power and light programme in connection with the aqueduct would prevent any increase in the lighting system.

## COUNCIL CHANGE.

## CLOSING DOINGS.

What was intended to be a session of the Council to wait for the "to die" yesterday, was prolonged by City Attorney Sherk and the new city charter amendments which provide only for sudden death of Council members. The Council thought yesterday's would be its final session. Speeches and retrospectives were contemplated by members, but they all remained orbed probably forever.

Sherk held that the new charter terminates all official terms of the Council on the first Monday in January, which this year—or next—is New Year's Day, and the charter does not make New Year's Day a holiday, the old Council must meet and adjourn sine die and pass the new charter over to the new. By this decision the organization of the new Council is advanced one day.

It was transacted yesterday that the old Council will meet at 11:30 o'clock next Monday and die within the remaining hours of the term. At 12 o'clock the new Council, which means a change of only four members, will take power. After assuming power the new body will receive the appointments the Mayor makes, and probably only the Clerk, Treasurer and Tax Collector. It will then adjourn until Tuesday. Of course, there will be some speeches.

The final session was "cleaning" day for all the committees. Each chairman of a committee turned his pockets inside out to be sure that all documents committed to him were returned. An immense amount of hard work was done by the committees. The final session was "cleaning" day for all the committees. Each chairman of a committee turned his pockets inside out to be sure that all documents committed to him were returned. An immense amount of hard work was done by the committees.

In the cleaning up work the 11th-street tunnel ordinance, intended providing for a bore from First to Temple streets, was passed, the improvement of Sunset boulevard, west of Marion avenue, where not improved now, was ordered, the Arroyo Seco project was unanimously approved and sent to the Board of Public Works and Park Commission for formal action. A district hearing for January 16, was fixed for those persons or that person that wants South Main street changed to Broadway.

Two salary increase projects fared well. The pay of Dr. E. D. Ward, assistant health officer, was increased \$25 a month, and the pay of all the special deputies of the Assessor, Tax Collector and Clerk was increased \$5 a month, but the number to be employed reduced. This last is an effort to get better men for the money that has been spent annually for larger numbers.

After a fight the Berlin Dye Works got three years in which to terminate its business in a residence district and as a final action the Council filled the protest of the N.E.W. Commercial and Improvement Association on the erection of the water building.

With the slate clean the old Council adjourned to exterminate itself Monday at 12 m.

## FIRE ALARM.

## SPECIFICATIONS ADOPTED.

Councilman Stewart, with methodical business, closed the session by submitting yesterday a comprehensive report for the work of the special committee on Fire Alarm Investigation, together with a set of specifications for biding to be held next year.

The other members of the committee are Betkouski and Andrews. The report was concurred in by the Finance Committee. It said, in speaking of the need for a complete alarm system: "We appreciate the necessity of adequate and up-to-date alarm and signal systems to provide against the excusable and costly delays in connection with fire or disaster hazards. We recognize the present provisions are inadequate; in some respects obsolete and incapable of affording accurate and quick results."

"We believe a comprehensive system to cover the whole city should be undertaken at the earliest practicable moment and pushed to completion. We also realize that economy and quick construction will be subverted if the city is at liberty, where the wires and cables are not underground, to use existing poles of the utility corporations."

"We suggest that the large annual appropriation necessary for the maintenance of the fire and police departments, will be doubly effective if supported by the very best alarm and signal systems, obtainable, but without such systems the appropriation is in a measure, wasted."

To give the new Council a working basis the specifications were submitted. They call for the widest competition and for the admission of any make of equipment—even wireless if it should be invented. They are similar to the specifications adopted three years ago, and under which the City of Los Angeles was enabled to bid off the University district.

The committee also makes recommendation that the city arrange with the utility companies for the use of their poles to "avoid the forestation of Los Angeles with naked poles."

The specifications were sent to the City Attorney for his revision as to form and for the insertion of conditions that may be determined later. They are in no sense complete, and the new Council will have to work out the important details.

It is estimated that the construction of a complete and adequate fire, police and telephone system for the city, will cost \$500,000. This expense will be a budget feature in the spring.

## To Build Road Jointly.

## Thomas Early and D. K. Edwards.

of the County Highway Commission asked the Board of Public Works yesterday to co-operate in building the short road that is to connect the Wilmington and Redondo good roads work. The commission is about to let a contract for a miles of highway which is divided by the "shoe-string" strip of the city, half a mile wide. The board is asked to join with the county in having this half-mile paved along with the other parts and make an continuous uniform job of the whole highway. The board said it would consider favorably an official communication offering joint construction.

## Must Pay for Gravel.

Three years' privilege to take gravel from a pit near Hyperion pier for a right of way for the city's outfall sewer terminated last week, and yesterday the Council forced the Pacific Electric Railway, which got the

gravel, to make a contract to pay 5 cents a cubic yard for it in the future. The company wanted to continue the old arrangement, but the Council demanded money. The yardage is expected to pay a clerk's salary during the year at least.

## Engine-house Bids.

Bids were received yesterday by the Board of Public Works for the construction of the Central fire station on Figueroa street, near Seventh street. The bids range on general contract from \$55,900 to \$56,873. They were referred to the Building Inspector for a report.

## In New Quarters.

After today patrons of the City Water Department must go to No. 633 South Hill street, instead of No. 423 South Hill street, to pay their water bills, for the department will move the lease on its present quarters expires, and a temporary lease is to be entered into at the new address until the department can locate in its own building, now under construction at Fifth and Olive streets.

## At the Courthouse.

## CHARITY PLANS.

## HALTED BY LAW.

## CANT EXECUTE WISHES UNTIL WILL IS PROBATED.

Attorney for the Executors Think It Will Be a Year Before Fortune Left by Late Millionaire Hotel Owner Can Be Devoted as He Requested.

The executors of the late John W. Hunt, owner of the Hotel Angelus and property in Texas, Florida and Washington, D. C., will not be able to take any steps toward carrying out his philanthropic wishes until the administration of the estate, so far as the California property is concerned, passes through the Probate Court. Attorney Braden C. Lee, representing the executors, files this time as one year hence.

Hunt left the bulk of his estate, the value of which is not known, for the establishment of charitable institutions. He desired this request to be a memorial, and the manner in which the money shall be spent and the character of the charities to be benefited he left to the judgment of the executors, one of whom is a prominent health officer, and the other his nephew.

Lee stated yesterday that there is no present intention of selling the Hotel Angelus, but that the property will eventually be disposed of and the money applied to the charitable work stipulated in Hunt's will.

## WANTS HER SHARE.

## WIDOW TO CONTEST WILL.

The widow of J. F. Paulsch, who was out of court without a penny in the will of her husband, will contest the claim of Mrs. Schoene, who was left the estate of \$8000.

Paulsch was a cornetist. He stated in his will that Mrs. Schoene was his friend and he desired her to have his fortune. Attorney Drake has been retained by Mrs. Paulsch to prosecute her claim. She is a violinist. The peculiar part of the bequest to Mrs. Schoene is that Paulsch and his wife, according to Drake, had not separated. The allegation will be made that he was of unsound mind when he made his will.

## BRINGS GOOD PRICES.

## ORANGE LAND IS SOLD.

The heirs of the estate of C. L. Kelim, who died in 1904, sold the sale of ten acres of orange land near Covina. The sale was confirmed yesterday by Judge Rives. The purchaser is S. E. Bryant.

Kelim owned property in Los Angeles and Riverside and was a successful business man. He was married, and had a son, Clinton, is nearing his majority, she petitioned the court to sell a part of the estate to provide for Durdle and Clinton.

## COURTHOUSE NOTES.

## BREVIETTES MISCELLANEOUS.

LUCKY'S RANCH LOTS. Sales aggregating \$25,327.30, comprising seven lots in the late E. J. Baldwin's La Puente ranch, were confirmed by Judge Rives yesterday, on the application of Attorney Braden C. Lee, representing H. A. Unruh, the executor. The average price obtained was \$4412. The purchasers are: Conrad Graf, lot 493, tract 2605, \$6787; Robert H. Neely and B. F. Maxson, lot 143, fourth subdivision, \$4500; Harry L. Read and W. B. Baldwin, lots 244, 265, 266, 267, fifth subdivision, \$18,000.

MOORE INCORPORATE. The Supreme Council Independent Order of Moose of the World filed articles of incorporation yesterday. The company named are Rev. W. Williams, L. D. Barnett, L. A. Watson, James M. Alexander and John Harris. The stated object of the incorporation is philanthropic, assisting the members of the order in sickness and distress, promulgating the teachings of the order and organizing and assisting the subordinate bodies in the various States of the Union.

WILL ENLARGE BUSINESS. Articles of incorporation were filed yesterday in the County Clerk's office for the Olympia Ranch, the incorporators being J. Baum, Walter J. Wrenn and E. N. Martin. The corporation, which is capitalized at \$25,000, proposes to do a general dairy and farm business. It has purchased the stock, good will and business carried on by Baum and Wrenn and will enlarge the business.

INSURANCE REFUSED. Robert R. Blacker, who alleges he was incapacitated for 117 weeks by reason of sprits of camphor having been applied to his eye in a barnyard accident, filed suit yesterday against the Standard Accident Insurance Company for \$2500 damages. He says while he was insured in the company August 1, 1905, the weekly benefits being \$25. The company, he says, has refused to pay the indemnity of \$25 a week.

NAME TOO COMMON. Charles Goldstein has filed a petition to have his name changed to Charles Goldie because he is tired of having bills presented to him in the name of Goldie, collectors calling at his home, not to speak of receiving his mail opened by some other Charles Goldstein. He complains the name is too common in

Los Angeles and causes him too much annoyance.

DAMAGES AWARDED. On the assigned claim of Mrs. T. P. Jackson of South Pasadena, Julia P. and C. D. Warden were awarded \$410 damages by Judge Craig yesterday for injuries sustained to her residence by the bursting of a drain pipe during a storm, January 21, 1909. Suit was brought for \$2729.

## INCORPORATIONS.

Council Independent Order of Moose of the World, incorporators, Rev. W. Williams, L. D. Barnett, L. A. Watson, James M. Alexander, John Harris, Winthrop Oil Company, W. Grundy Company, Fred Grundy, J. R. Grundy, P. E. Wood, E. A. Foster, capital stock, \$500,000, subscribed, \$500; Olympia Ranch, incorporators, J. Baum, Walter J. Wrenn, E. N. Martin, capital stock, \$25,000, subscribed, \$2500.

## SO HE COMES BACK.

When E. M. Greenmyer gave his home to his wife he called it a "nest" and he tried to make money on it she found that it was simply an equity in the property, and she was able to get only \$15 cash. Meanwhile Greenmyer had left, and her 2-year-old baby. On her statement of these facts to the District Attorney's office, a warrant was issued for Greenmyer's arrest for failure to provide. He was located by Constable Hayes in San Bernardino, where he was employed by the Pacific Electric Company, and was brought to this city yesterday and jailed.

## PROHIBITION ORGANIZATION.

The Prohibition City Central Committee met Thursday night at the Federation Club rooms and elected the following executive committee to take charge the first of the year: Willie Phillips, V. H. Linsley, E. R. Smith, E. C. Gird, H. Secombe, William Knickerbocker, L. M. Davenport, James Gillespie, L. C. Dale, S. E. Knowles, George C. Parsons, John Richey, Thomas Mc Todd, W. L. Lowder, Isaac S. Smith, S. H. Kellogg, Mrs. John Sobreski, Dr. Charles A. Smith, Mrs. C. H. McMaster, Prof. G. H. Spangler, Charles E. Jones, W. C. Brand.

## SUES ON A CONTRACT.

An action was filed in the United States Circuit Court yesterday by V. C. Chaffee against the Pacific Electric Manufacturing Company of St. Paul, praying for \$2000 damages on account of the alleged violation of a contract on the part of the defendant. It is alleged that Chaffee had an agreement with the defendant giving him the exclusive right to manufacture and sell a patented device and that the corporation has failed to carry out its contract with him.

## CITY CLERK WINS.

In the contested land case of Leroy C. Main, City Clerk of Los Angeles, Imperial county, against James S. Bidwell, postmaster of that town, the land office has decided in favor of Main. The land involved comprises eighty acres. Main filed a desert entry on the property March 4, 1909, and Bidwell on March 23, 1909.

## FOR IMMIGRATION INSPECTOR.

An examination is to be held February 20 by the United States Civil Service Commission here for the position of immigration inspector and Chinese inspector at \$1300 per annum entrance salary.

## WOULD ENJOIN THE POLICE.

Fresno Chinaman Says His Place Is Visited So Frequently by Bluecoats That Business Suffers.

FRESNO, Dec. 29.—[Exclusive Dispatch.] Wong Sung Chung, a wealthy Chinese merchant of this city, today, through Attorneys Everts and Ewing, brought suit against Mayor Chester Rowell and Chief of Police Edward Jones, asking for an injunction to forbid police activities about his premises in the suppression of gambling.

Chung alleges that the frequent visits of policemen into his store as often as six times an hour, has so intimidated his Chinese and Japanese patrons, and they are so afraid of being arrested if they congregate in groups of three or more, that his business is suffering from loss of patronage.

An extra squad of patrolmen have been stationed in Chinatown, and an attempt is being made to stamp out gambling.

## TRAIL'S HOT.

(Continued from First Page.)

Hall of Records case, wherein Bender, Maple and Connors are charged with attempting to dynamite that building while it was in course of construction. Trial is set for January 4 in the Superior Court.

## LOCAL MAN WITNESS.

The Federal grand jury began its sessions at 10 o'clock yesterday morning with J. Mansell Parks, as witness. He was formerly connected with the detective bureau of the District Attorney. He located Bert H. Connors, one of the trio accused of the attempted dynamiting of the Hall of Records. It is supposed that his evidence tended to show some link between that crime and the destruction of the Times building.

The grand jury under the direction of Special Prosecutor Lawler is trying to find the sources of the criminal conspiracy intended to plunge the Pacific Coast into a reign of terror by blowing up the plants owned or Greenmyer and independent contractors and builders.

Parks was the only witness at the morning session, though several persons were privately examined by the government prosecutor.

At the afternoon session, K. A. Dickelman, formerly clerk at the New Baltimore Hotel, this city, was taken before the grand jury. He carried the register of the hotel which showed the signature of J. B. Brice, the alias used by McNamara on many of his trips. The murderer roomed at the hotel on the day prior to the blowing up of the Times Building and a number of witnesses were found by the District Attorney who could have positively identified the handwriting as that of J. B. McNamara.

## GUNREY IS CALLED.

George Gunrey, a local laborite and formerly chairman of the strike committee, was in the grand jury room for a short time. He is supposed to have carried extensive correspondence and records with him, but it is not believed he furnished such information.

A number of unionists leaders were on hand yesterday, but were not summoned into the grand jury room. O. A. Treilmoor, J. E. Munsey, Eric Morris, Anton Chaffee, and J. B. Bidwell, stenographer, and A. D. Gilson, his private secretary, were in attendance, but did not testify. Miss Murphy, however, appeared before the grand jury the previous day.

The grand jury will resume its sessions at 10 o'clock this morning.

## Seven Waiting-Rooms.

The Pacific Electric is to build seven waiting-rooms along South Fair Oaks avenue and Huntington drive, near Pasadena, within the next thirty days.

## Santa Fe Holiday Rates.

ed on by the eyes of a beautiful  
man he had left in Ecuador,  
stunned by the glitter of a lot  
of diamonds that he saw in the win-  
dow of the jewelry store of Morris  
a diamond merchant and  
owner at No. 261 South Main  
street, San Francisco, an Ecuadorian,  
the proprietor of the jewelry  
store yesterday morning and led  
a chase of police and citizens  
one of the principal streets  
of the city.

he was captured.  
he was led into the Central  
station he had scattered \$1500  
of gems in his flight. He stole  
diamonds, and only four  
of them were recovered. The  
three away while running  
the streets. Several of them  
and were given to the  
by citizens who had picked  
up the alloys and streets  
which Jose had fled.

ed at the Police Station  
y afternoon, he readily ad-  
mitted that he is the robber who had  
the store, and declared that  
to get the diamonds to win  
from a woman's lips.

he robbed Marin," said Jose  
in a cell. "I robbed  
because I wanted to get some  
things to send to my sweet-  
heart. I am not a thief  
I simply could not resist  
diamonds that I saw in the win-  
dow. I left Ecuador five years  
and my friends that I was go-  
ing to California to get rich. I was  
in a girl named Rosie and  
and that she should wear dia-  
monds and I was trying to get them

was willing to go to prison. I  
wanted to spend years in serv-  
ing the girl that I love. When  
I did not earn enough money to  
buy diamonds I decided that the  
thing for me to do was to try  
and that I will have to be pun-  
ished. However, I intend to be good  
and when I get out of  
I will be honest. I had been  
and was dependent when  
the little girl who is  
for me."

entered Marin's jewelry store  
place was being opened.  
he was a small stickpin for my  
he said to the jeweler.  
do you want to pay for a  
asked Marin.

he said Jose.  
Marin handed him a pin.  
suddenly reached across the  
and struck Marin in the  
the jewelry store.

he tried to escape and  
the door. Marin's cries at-  
tended and they gave chase.  
and a large knife concealed  
in the folds of his coat. He flour-  
ished the face of his pursuers  
and of them fell back as he ran  
the street. Jose saw that he  
he captured eventually and be-  
dashed away the diamonds and  
the crowd was chasing him.  
he through two rooming-  
meeting excitement among  
rents, and boarded two street  
cars, and one man who tried  
to his flight. James Dunbar, a  
rooming at No. 124 South  
street, saw the hold-up of the  
and ran into the street and  
he said.

he dashed south on Main  
with a howling mob at his  
he turned into Third street,  
down Spring to Fourth street  
and ran into the rear of the  
he said.

he immediately ordered a  
car. Every street car was  
stopped. E. E. Beeson, a  
car and deputy sheriff, grabbed  
him and after a short struggle  
Beeson turned his prisoner  
them.

he will be publicly thanked for  
his bravery, secretary to Chief  
had prepared an official let-  
ter of commendation for his cap-  
ture of the thief.  
he was able to attend to his  
business yesterday after he had been  
out and two teeth were  
injured.

PERSONALS.  
M. Ling, an attorney of  
the United States Senator in  
California, is staying at  
the Hotel. W. A. Leisk, a  
mining man, is staying at the  
Hotel. C. Morahan and wife are stay-  
ing at the Hotel. He is a  
the owner of a considerable property in  
California, which he is here  
after. F. E. Healy, a Chicago  
man, with his wife and two chil-  
ren, is occupying a suite at the hotel.  
A. J. Karamant, a New York import-  
er of products of his native land,

Did You Ever See Such a Glorious Candidatorial Display?

Finish Parade of the Candidates Yesterday  
For the honorary position of father of the Jonathan Club, with Frank Jay as the candidate at interest. It was a "rube" turnout with Jay as the chief. In the front row, left to right, are Jay, Edward F. Wehrle and A. J. Copp, Jr.; just behind them, Robert Jones and E. J. Brent; third row back, F. H. Hudson, J. A. Gibson and W. M. Clark. At the top, A. J. Yeager has his arm about G. E. Nagle. Last night it was announced that Jay had withdrawn from the contest, leaving Wehrle and Copp to fight it out. The campaign will conclude with the high jinks tonight.

Japan, arrived at the Hollenbeck yesterday from San Francisco. He is returning East from a visit to his native land. E. and K. Arakelian, two Greeks who have been experimenting with gas near Fresno, are guests at the hotel.  
A. Heronimus and wife are passing a few days at the Lankerhalm. Dr. Heronimus is surgeon on the steamship Mongolia, and is taking a rest for a few days. H. D. Corrough, special representative of the International Harvester Company of Chicago, is registered at the hotel.  
A party of tourists from Athol, Mass., registered at the Hollenbeck. It is made up of Mr. and Mrs. W. D. Lee and Mr. and Mrs. Emmet F. Worick. They are here for the winter months. Howard Gill, an enthusiastic sportsman of Baltimore, is staying at the hotel. He is here for a long sojourn.  
Mrs. H. M. Kinley, her daughter, Mrs. C. M. K. Clark, with their servants, are occupying a suite at the Alexandria. Mrs. Kinley is the widow of one of the big eastern hotel men who was for years at the head of the Kinley-Bowman Company, owners of the Holland House.  
Mr. and Mrs. W. Richardson are staying at the Angelus and are registered there from Monterey. They have just returned from a visit to Coronado and other resorts. Mr. and Mrs. L. Chapman are registered there from Seattle. Chapman is a mining man and has interests in this section.  
A. B. Carlin and wife of Dubuque, accompanied by their nephew, F. K. Skokely, are registered at the Westminister and are here for an extended sojourn. Carlin is a lumber man of Dubuque.  
Among the guests at the Van Nuys who are registered from San Francisco are F. Noble, F. E. Mann and G. E. Morley. J. M. F. Burkman, a mining man of Neacox, Mex., and A. H. G. Palmer, interested in lands near Mogollon, N. M., are at the hotel.  
W. M. Wiley, former president of the Holly Sugar Company of Holly, Colo., accompanied by his wife and daughter, is registered at the hotel. A. Brooks of Seattle arrived at the Alexandria yesterday from the north. He is still interested in a Southern California beet sugar plant.  
The annual meeting of the Chamber of Commerce will be held Wednesday. Nominations will be made for the elective offices, which include, president, vice-presidents, treasurer and chairmen of the sixteen committees in the chamber. The election will be held January 10.  
Deputy Dist. Atty. Graham, who has been confined to his bed for a week by the grip, was at his office again yesterday.  
A party of Salt Lake Railway officials who are staying at the Hollenbeck is made up of F. A. Ayers, A. C. Smith, P. A. Loutsch and J. A. Harris. Mrs. H. W. R. Strong, accompanied by her daughters, is registered at the Alexandria from the Rancho del Puerto, which is located in the southern part of the State.  
S. W. Smith and wife are staying at the Hayward. Smith is in the insurance business at Berkeley and is here on a pleasure trip. E. B. Munich, a mining man of Kingman, and M. E. Greenwood, interested in lands at Tucson, are at the hotel.  
President Daniel Willard, of the Baltimore and Ohio Railroad, is expected in Los Angeles today. He is traveling with members of his family and his private secretary, and expects to make an extended stay in Southern California. General Passenger Agent Battara of the Southern Pacific went to San Francisco last night. President Paul Shoup of the Pacific Electric is in San Francisco. George Gould, wife and daughter, have arrived from Vermont to pass the winter on a visit to his brother, Attorney Will D. Gould.

JONATHAN CLUB MEMBERS TRY  
THE ROLE OF RUBES.

Candidates of Four Members for  
Title of "Jonathan" Boosted by  
Their Friends—Yesterday's Can-  
didate Asserts He's World's Great-  
est Orator and Robber.

The final campaign parade in the race for the honorary position and title of "Jonathan," father of the Jonathan Club, took place at noon yesterday, in the interest of the candidacy of Frank Jay. The first parade of Maj. Copp was given an impressive boost. Then came a combination parade Thursday in behalf of the candidacy of Edward F. Wehrle and W. H. Anderson.  
The ceremony yesterday was a "rube" parade and was headed by Jay, who was dressed as a rube, and who insisted in the course of extolling his merits for the place that he is not only the greatest orator in the world but is also the greatest robber, inasmuch as he represents the plumbing guild. Others who participated were Edward F. Wehrle, G. E. Nagle, A. J. Yeager, A. J. Copp, Jr., F. H. Hudson, W. M. Clark, J. A. Gibson, E. J. Brent and Robert Jones.  
Following the parade the candidate and his followers gathered in the assembly hall, where speeches were made and arguments presented in support of Jay's candidacy. Last night it was announced that two of the candidates had withdrawn, leaving only Wehrle and Copp for the final fight.  
The man elected will be the big mogul at the final high jinks celebration tonight. He will also receive a beautiful silver loving cup. Prizes will also be awarded in the various

These are splendid Toys—and the reductions are such that you can't afford to overlook them. Bring your little girl today to see them.

NEW SANTA FE  
LINE BUILDING.  
CUTS MILES FROM CHICAGO-TO-  
LOS ANGELES ROUTE.

Southwestern Kansas Gets Transportation Facilities in the General Scheme of Transcontinental Traffic—Officials Inspect Inter-California Railroad.

Construction will begin soon on a new Santa Fe line to extend from Dodge City, Kan., to Colmar N. M., the purpose of which is to reduce the distance between Chicago and Los Angeles.

The road has been incorporated under the name of the Dodge City and Cimarron Valley Railroad, and the first section to be built will extend from Dodge City southwesterly fifty-eight miles. Right of way has been obtained for that distance and construction will begin at once.

The only part of Kansas without railroad facilities includes a few southwestern counties and this line will touch most of them. It is a section now given over mostly to cattle raising, because of the lack of transportation, but the new railroad will make it available for farming.

After crossing the Kansas State line the road will cross the extreme southeastern part of Colorado and entering New Mexico, near its northeastern corner, will continue southwesterly to Colmar station, midway between Las Vegas and Raton.

This new line was considered by the Santa Fe officials at the time the Belen cut-off was built through the Texas Panhandle and Eastern New Mexico, but the latter was given the preference.

New Fruit Warehouse.  
W. E. Fessenden, representing the St. Louis and San Francisco, is advising shippers of the erection by the Chicago and Eastern Illinois—the Chicago line of the Frisco system—of the completion of a new, frost-proof fruit and vegetable houses at Chicago. The Frisco recently opened freight and passenger service between St. Louis, New Orleans and Memphis, using the Santa Fe tracks west of Wynoka, Okla.

Inspect Mexico Line.  
Vice-President and General Manager Calvin and General Superintendent Pratt, of the southern district, Southern Pacific, returned this morning from a trip to the Imperial Valley. They inspected the Inter-California Railroad, the Espee road in Lower California. Mr. Calvin left for San Francisco last night.

Express Company Builds.  
Wells Fargo and Company have completed a new building and forwarding station at No. 416 Central avenue, adjacent to the Arcade station. This will relieve congestion and remove annoyance caused by teams intercepting the tide of passenger traffic to and from the railroad station.

Through to Florida.  
The St. Louis and San Francisco Railroad, has brought another through-passenger service to Los Angeles. The Frisco has put in service a through train from Kansas City to Jacksonville, Fla., which connects with the new through service on the Frisco and Santa Fe lines between Kansas City, St. Louis, Memphis and New Orleans and Los Angeles.

## The "Ironclad-Exide" Battery FOR ELECTRIC VEHICLES

Where the "Ironclad-Exide" is Made  
The "Ironclad-Exide" Battery is the only vehicle battery indorsed by all the 21 leading vehicle makers. There is no other battery in the world that carries such indorsements.

Some of the Reasons for "Ironclad-Exide" Superiority  
It will run an electric car more miles with less expense and less attention than any other battery made. It is the battery which gives satisfactory service in either cold weather or hot. It can be re-charged at a reasonable cost. It does not quit on hills or in starting a heavy load.  
Write for the "Ironclad-Exide" guarantee. It is plain and straightforward.  
The "Ironclad-Exide" Battery, together with the famous "Exide" and "Hycap-Exide" Batteries, are recommended and used by the following prominent electric vehicle makers.

- ARGO ELECTRIC VEHICLE CO.
- BAKER MOTOR VEHICLE CO.
- BOLLAND-GRANIS CO.
- BROOK ELECTRIC VEHICLE CO.
- COLUMBUS BUGGY CO.
- CHANNON WAGON CO.
- COMMERCIAL TRUCK CO. OF AMERICA.
- COLUMBIA MOTOR CAR CO.
- DAYTON MOTOR CAR CO.
- GENERAL VEHICLE CO.
- HOLLAND-GRANIS CO.
- HUFF-CORPORATION.
- KENTON WAGON MFG. CO.
- KIMBALL & CO.
- OHIO ELECTRIC CAR CO.
- RAUCH & LANG CARRIAGE CO.
- STANDARD ELECTRIC CAR CO.
- STUDEBAKER AUTOMOBILE CO.
- THE WATKINS CO.
- WALKER VEHICLE CO.
- WARD MOTOR VEHICLE CO.
- WOODS MOTOR VEHICLE CO.

Remember, when renewing your electric vehicle battery that "Ironclad-Exide" plates can be used in any jars of standard "Exide" size.

## PARADISE FOR EVERY NEWSIE.

Orphans, Too Are in On Big New Year Dinner.

Modest Philanthropist Will Play the Host.

Healthy Appetite Is Only Passport Asked.

Any boy or girl who has the luck to be an orphan is now face to face with the opportunity of a lifetime. Every detail has been completed for a remarkable New Year feast to be given to all the new-born orphans in the city Monday night at 7:30 o'clock in the old Phillips Block, Spring and Franklin streets.

The pleasant affair comes from the Bible Institute of Los Angeles under the direct management of Evangelist William Mullen, but Mullen has broadly hinted more than once as arrangements proceeded that the wonderful idea and the hundreds of dollars which its development is costing both belong to a man of generous impulses and large fortune who wished to share his joy in the Christmas season with the boys and girls of the city, but who does not want his right hand to know what his left hand does, and insists on receiving no publicity from his generosity. He has backed Mullen to the limit in financing the enterprise, telling him to go into the highways, byways and on any other sort of ways where boys and girls are to be found and gather them one and all for the big feed, for which he will cheerfully pay.

THE CANDIDATES. In the city about 160 mainly little chaps are their living by selling newspapers. All these boys have been supplied with tickets and any boy who is poor or any orphan boy or girl who has a ticket for this dinner Monday night will receive it promptly if he will call either at The Times office or at the Phillips building. The children or their friends should call for the tickets as soon as possible because the cook wishes to know exactly how many names he is to put in the pot. A new-born or orphan child will receive a ticket from the president and maybe a little more from the cook's viewpoint.

Mullen has made up his mind as to the menu. He has decided that a turkey has no more business dining for his country on Thanksgiving or Christmas than on New Year's. Consequently, turkey will be the big feature of the feast. The festive dinner will be more turkey, each portion being carefully and entirely surrounded, sublimely and otherwise inundated with raisin dressing, mashed potatoes, brown gravy, cranberry jelly and celery. Green peas in cream, buttered sandwiches and hot coffee and milk will help fill up the gaps and make up for the lack of turkey. When the youngsters are too full for utterance a brief line of athletic speakers who will go in training for the occasion by not eating anything at all will make some stirring addresses. Try to imagine Happy Hogan and James J. Jeffries appearing before 1600 small boys who have worshipped these idols of diamond and ring since before they learned their "Knox I lay me," and if your imagination doesn't crack under the strain, you will have a picture of Monday night's festivities.

LOOK WHO'S HERE! Happy Hogan will make the first speech and his subject will be "Clean Speech." Dr. Curtis M. Beebe will follow Happy with a talk on "Physical Cleanliness." With these preliminaries eliminated from the program, James J. Jeffries will spring through the ropes for a ten-minute bout with "Physical Development." When the audience has been knocked out, Dr. T. C. Horton, president of the Bible Institute, will bring up the subject of "Life." This animated programme will be followed by an evening of special music with bagpipes from the Caledonian Scottish Band and by cornet solos by David, cornetist. Evangelist Mullen will not make a speech, but he will make good with the music. Arthur Lee has been asked to take charge of the singing mass of young Americans who will lay siege on the building that night and will be on the job from start to finish. If the occasion is as successful as hoped, the man behind the gun threatens to do it again.

VERA CRUZ OIL IN EAST.

Wells in that District of Mexico are even supplying European Markets, Manager States.

Charles Dobson, general manager of the Standard Oil Company's interests in the Vera Cruz fields, near Tampico, Mex., where several Los Angeles capitalists are heavily interested, is at the Van Nuys.

"With the continual increase in the number of producing fields, and the reduced cost of oil power over coal, wood or other power, it is gradually coming into wider use and the fields in the Vera Cruz district will, and are already supplying a large demand for oil in the East and in Europe," said Dobson.

"The greatest producing well in the world is owned by an English syndicate which, at the present time, is building great storage tanks at Portsmouth. Their pipe-line is built right into the Atlantic Ocean where the vessels load from buoy anchorages. The other oil produced in this section, where one well has a record of 11,000 barrels a day, is being shipped to eastern cities."

"That is one reason why the oil of that section will never come in competition with the California fields. As rapidly as facilities for the handling of the product are completed, the development of new wells goes ahead. One Los Angeles capitalist has about 4,000,000 barrels in storage while the English syndicate has 1,000,000 more barrels in sealed tanks. The Standard is building some immense tanks for the same purpose."

Dobson is accompanied by his wife, Robert Carr of San Francisco, who recently sold the famous Santa Fe crude mine of Pachuca, Mex., to an English syndicate, is also with Dobson, who will return to Tampico in a few days.

New Year's Excursions. Between all points where the one-way rate does not exceed \$10 on sale December 21, 21 and January 1. Return limit January 1, 1912. Southern Pacific.

## MUSIC AND STAGE.

(Continued from Fifth Page.)

her arms around him consolingly: "How dare they insult you?" That was just the sweet and always beautiful inconsistency of a mother's love.

Lester Wallace was one of the first to encourage Hilliard to become an actor. It was at Hilliard's Criterion and under his management that Wallace played his farewell engagement in "Rosedale." As the two men walked down to the Brooklyn Club for supper after the final performance, the elder said: "My dear boy, when I am gone you ought to be my successor as Elliott Gray. You are more my ideal of him than any other young fellow I know. Why don't you go into our profession seriously and with definite purpose?" Hilliard would have been a whirlwind winner in business or in politics. He did go in for the former and gave up a profitable connection in Wall Street to earn \$700 during his first year upon the stage. He earned it all right, but only collected half of it. This was the reluctant disclosure of the backer of a defunct show after the actor had looked him in a room and argued the matter.

In a little while Hilliard was making a name for himself all over the country as the ready and resourceful hero in Archibald Hunter play "The Barnes of New York," still vital in the stock houses. Soon he was Mrs. Langtry's leading man at the Fifth-avenue Theatre. He was the hit of the season to come as thick and fast as when a nervous young bush league twirler faces the Wagners and Ty Cobbs for the first time.

What few lessons in acting Hilliard received, were given him by the famous Matilda Heron, whose daughter, once a phenomenal child actress, is the wife of Henry Miller. He thought Matilda Heron the greatest of all actresses, and still thinks so. She thought he was the image of dashing John Wilkes Booth. Each felt flattered. In these days Hilliard, much to his disgust, was the accepted ideal of a "matinee idol." He had poise, an air of distinction, the self control and suggestion of physical power and the easy nonchalance of the high bred man. He still has them, but long ago realized that a real actor must do something more than vitalize the dashing devil pictured in the ready-made clothing "ads" which constitute nine-tenths of the popular magazines.

He proved this in "Jim Bludso," dramatized from the late Secretary of State John Hay's Pike County Ballad, immortalized by the engineer of the burning Prairie Belle. Went upon "holding her nose against the bank until the last galoot's ashore." Off came the luxurious black mink and the came the modish garments of latest fashion. Here was a big, manly, smooth-faced fellow in a flannel shirt and with breeches in rough boots. The matinee girls marveled and liked him all the more. So it was when he crept into the room of the fortune teller, covered with dust of alkali desert. In "The Girl of the Golden West."

Hilliard showed his skill as a comedian in "Lost Twenty-four Hours," and "The Mummy," when Amelia Bingham and Raymond Hitchcock, then unknown to fame, were in his supporting company. He has played about everything that an actor can play. Here in Los Angeles he gave some 4500 performances of Van Bibber in "The Littlest Girl." The psychological, the intensely dramatic, appealed to Hilliard. He saw at a glance what had been long overlooked, the stage possibilities of the theme embodied in Sir Philip Burne-Jones's painting and the Kipling poem, "The Vampire." The result is "A Fool There Was," which he has played continuously since its first production at the Liberty Theater, New York, in March, 1909.

HE LOOKS FAMILIAR. But Willy is Not Sure and Calls a Policeman to Help Identify Her Husband.

"There is a burglar in the house," said Mrs. F. A. Anderson, No. 2678 Thorpe avenue, yesterday morning, when she heard of some one trying to enter her home.

"Apparently," cogitated Mrs. Anderson, "this man knows the house pretty thoroughly. He was about as if he had been here before."

Then she began an investigation. She peered out of a rear window and saw the form of a supposed burglar, who was taking off his shoes, and while he seemed to be despoiling of not waking anybody in the house he did not appear to be at all afraid.

"There is something familiar in the way that the burglar was moving his foot-ear. The 'burglar' was no one else than Mr. Anderson. Mrs. Anderson was not sure that it was her husband. Not being sure she sent in a call to the Police Station."

## Stops a Deep-Seated Cough in a Hurry

A Family Supply of Unequaled Cough Remedy for 50c—Money Returned if It Fails.

Cough medicines, as a rule, contain a large proportion of placebo syrup—a good ingredient, but one that anyone can make. A pint of granulated sugar, with a pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy. A 50-cent bottle of Finer, mixed in a pint bottle with home-made sugar syrup, gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. There's a clear saving of \$2.00. Full directions in package.

And money couldn't buy a quicker, better remedy. Takes hold at once, gives almost instant relief, and usually stops the most obstinate, deep-seated cough in 24 hours. It stimulates the appetite, is slightly laxative and has a pleasant taste—children take it willingly. Splendid for hoarseness, asthma, chest pains and other throat troubles, and unequalled for prompt results in whooping cough.

Finer is a special and highly concentrated compound of purified Norway White Pine extract, and is rich in quinine and other natural healing pine elements. It is pleasant to the taste, with sugar syrup or strained honey, and it is ready for use.

Canada than any other cough remedy. Finer has often been imitated, but never successfully, for nothing else will produce the same results. The results are substantiated to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Finer or will get it for you. If not, send to The Finer Co., Ft. Wayne, Ind.

REALIZE VALUE OF "TIMES" DICTIONARY.

Teachers Spread Virtues of This Remarkable Book. The fact that prominent among those who are daily telling the Times by letter of their satisfaction over the educational campaign which is being waged by this paper, through the presentation of the Webster's New Illustrated Dictionary, are many of the teachers and principals in Los Angeles' public schools, is a tribute to the wide-spread popularity of the new, best and best dictionary since the opening of the school year. The dictionary is an excellent example of the value of the word.

Why not start clipping coupons today, you members of the Slow-to-make-up-your-mind family? You may be too late if you wait much longer. When you consider the fact that the dictionary is not now a cherished part of the library or office equipment is rapidly becoming a rarity.
